

Verification of Conformity

*Boost your exports
Demonstrate compliance of your products*

REPUBLIC OF TANZANIA Pre-Shipment Verification of Conformity to Standards (PVoC)

**BUREAU
VERITAS**

Move Forward with Confidence

SCOPE

PVoC PROGRAMME

From February 1st, 2012, goods exported to Tanzania shall undergo a Pre-Shipment Verification of Conformity (PVoC) to Standards of export prior shipment.

Bureau Veritas has been appointed by the **Tanzanian Bureau of Standards (TBS)** for the Verification of Conformity Programme. This programme applies to specific goods (see overleaf)

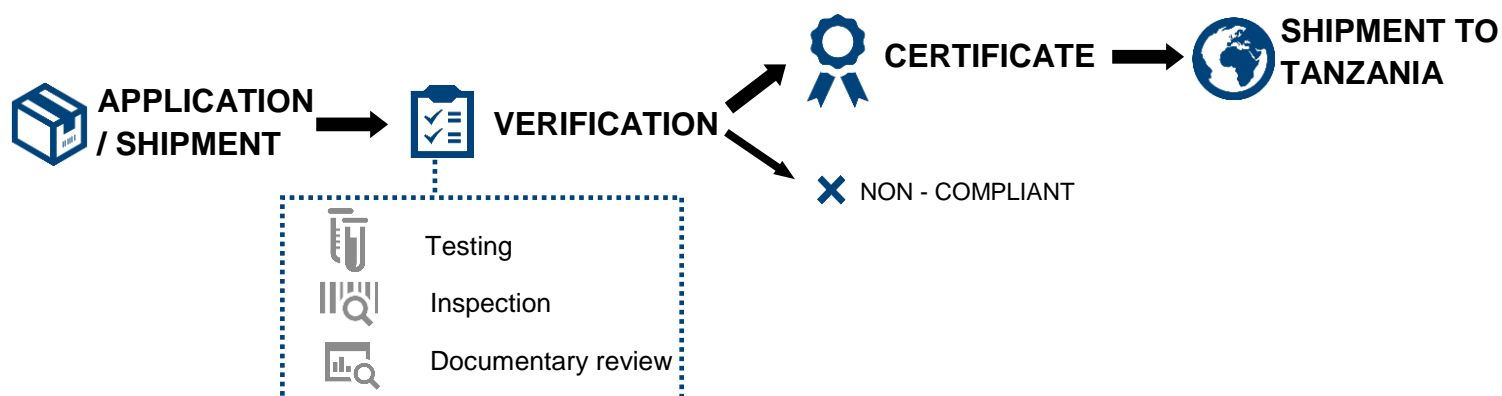

OBJECTIVE

- Protection of the consumer and the environment
- Conformity Assurance
- Swift customs clearance with the appropriate Certificate of Conformity (CoC)

GROUP OF PRODUCTS COVERED

- I. Toys and Sports
- II. Electrical and Electronics
- III. Automotive
- IV. Chemical Products
- V. Mechanical Materials and Gas Appliances
- VI. Paper and Stationary
- VII. Furniture (Wood and Metal articles)
- VIII. Safety (Personal Protective Equipment)
- IX. Food and Food Products
- X. Used products

BASIC PROCESS OVERVIEW

PROCESS

Step 1 : Request for Certificate

Importer / Exporter lodges a Request for Certificate to a Bureau Veritas local contact. Said request should include:

- List, designation of goods intended to be exported, importer / exporter details (name, address, invoice, ...)
- Conformity documents available (ex: Third party certificate, Test reports, Reports of analysis according to QHSE - Quality, Health, Safety and Environment - standards)
- Information related to local and provisional date of availability of goods to carry out their physical inspection before shipment. (Filling up of the Request For Certificate (RFC) Form)

Step 2 : Routes to compliance

To facilitate trade and adjust intervention to the risk, 3 different routes are available in our PVoC Programme to demonstrate compliance:

- Route **A**: Any good, any trader
- Route **B** (Registration): Goods already registered by Bureau Veritas
- Route **C** (Licensing): Goods already licensed by Bureau Veritas

Step 3 : Documentary review / Testing

Bureau Veritas reviews all information provided and checks their adequacy against the Tanzanian standards. Laboratory testing / analysis are conducted on samples if necessary.

Step 4 : Inspection

Bureau Veritas checks that:

- Products comply with applicable standards
- Goods presented are those identified during the documentary review
- Goods match their description in the import / export documents
- If necessary, Bureau Veritas inspectors may take samples for additional assessment.

Step 5 : PVoC Certificate

Bureau Veritas checks the inspection report against the provided documents. Upon satisfactory results, a secured Certificate of Conformity is issued, else, a Non-Conformity Report is produced.

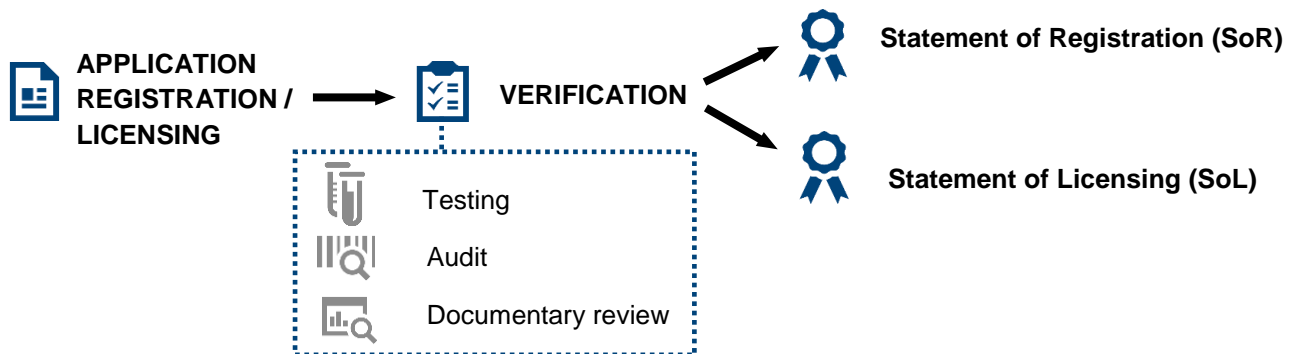

FACILITATION PROCEDURE

Registration (Route B) and Licensing (Route C) are options offered for regular importer/exporter to Tanzania. The documents and system in place to ensure conformity to Tanzanian requirements are preliminary reviewed (test report, certificate, results of testing, inspection, factory audit....)

Registration and Licensing

Registration and Licensing application

Shipment verification

SoR/SoL reduces the documentary review and/or inspection of shipment and speed up the issuance of certificate in performing the necessary monitoring.
