- Mining products/equipment except for foods and protective gear;  
- Investors capital goods; |
3. Technical requirements

Conformity requirements: Compliance of goods to applicable standards in priority order* shall be demonstrated with conformity documents issued by accredited entities and/or testing.

* Applicable standards in priority order: Tanzanian standard (TZS), EAS standards, then International standard (ISO, IEC, Codex Alimentarius UN ECE), then National standard, then Manufacturer specification in the absence of TZS, EAS, international and national standards applicable to the product.

National deviations: If electrical product intended to be connected to the mains (220V or 230V or 240V), marking of the frequency shall include 50Hz (not applicable to lamps) and if provided, the plug shall be UK type plug (squared pins). Other kind of plugs could be accepted if provided with a 3 squared pins plug adapter.

Labelling requirements: All labelling of packaging of imports shall include English and / or Swahili. All imports with a limited shelf life shall have more than seventy five per cent (75%) shelf life from the date of expected arrival in Tanzania. An exception is made for food products with shelf life of 9 months or more for which at least 6 months remaining is acceptable.

Other specific requirements: No specific requirements

4. Application

Applicant: Exporter or importer

Application name: Request for certificate (RFC) Form

Required documents:
- Final invoice
- Transport document (Bill of Lading/Air Way Bill/ CMR…), if available
- Conformity documents (test reports, quality certificates, analysis reports, etc.) provided by exporters, as per technical requirements

Required information:
- Declared FOB value
- Declared HS codes according to EAC tariff book

Application office(s): Bureau Veritas offices (see contacts sheet on Verigates: http://verigates.bureauveritas.com/tanzania)

5. Control testing requirements

Applicable cases: Conformity document not available or not acceptable

Laboratory criteria: ISO 17025 accredited laboratory

Testing: According to applicable standards
6. Physical inspection requirements

<table>
<thead>
<tr>
<th>Scope of inspection:</th>
<th>Review of markings as per applicable standard(s) and identification of products</th>

<tr>
<td>Sampling:</td>
<td>In case of control testing (see section 5 as above)</td>
</tr>
<tr>
<td>Type of report issued:</td>
<td>Inspection report (IR)</td>
</tr>
</tbody>
</table>

7. Facilitation procedures

- Route B - Registration
- Route C - Licensing

8. Conclusion of the Assessment

- Certificate of Conformity (CoC)
- Non Conformity Report (NCR)

9. Fees

Paid by Exporter

**Fees structure:**

- Route A – 0.50 % of FOB value of the goods imported
- Route B – 0.45 % of FOB value of the goods imported
- Route C – 0.25 % of FOB value of the goods imported

For all Routes, the minimum fee per shipment is USD 250 and the maximum fee USD 5,000.

The above fees cover the documentary verification and the physical inspections of the goods but do not include:

- Testing: to be quoted on a case by case basis
- Container sealing if required
- Product Registration
- Manufacture Licensing
- Re-inspection due to vain inspection
- Cost incurred by the Seller in presenting the goods for inspection and/or testing
- Other fees not mentioned above
